

# HARSH VASHISHTHA

Rajasthan | India • +91 7424833097 • vashishthaharsh97@gmail.com

## SUMMARY

Cloud Computing enthusiast with MCA in AI/Machine Learning, hands-on Python/JavaScript skills, and AI/ML project experience including research papers. Eager to design scalable, cloud-native systems with AWS/GCP, Docker, and data pipelines for production impact.

Proven ability to design scalable intelligent systems with cloud services, data pipelines, FastAPI/REST APIs, Docker/Kubernetes basics, AWS/GCP, SQL databases, Git CI/CD, Linux, IAM/VPC security, load balancing, and cost optimization.

## WORK EXPERIENCE

SEO Content Writer, Rewathi Innovations Pvt. Ltd.

March 2023 - Feb 2024

- Writing Home Page Content, Blogs, and Articles with appropriate keywords (density and phrases).
- Meta Descriptions to improve the content as per the client's need is what I'm doing right now.

## EDUCATION

Master of Computer Applications

2024 - 2026

Lovely Professional University

- Specialization in Artificial Intelligence & Machine Learning.
- Research Paper on the AI Architect Model.

Bachelor of Computer Applications

2020 - 2023

Maharshi Dayanand University

- Relevant Coursework in Information Technology.

## CERTIFICATIONS

- AI for Everyone - **Coursera**
- Ethics in the Age of Generative AI - **Project Management Institute (PMI)**
- What is Generative AI - **LinkedIn**
- Introduction to Artificial Intelligence (AI) - **Coursera (IBM)**

## SKILLS

- Cloud Platforms:** AWS, Google Cloud
- Cloud Concepts:** Scalable architecture, high availability, load balancing, cost optimization
- Programming:** Python, basic Bash scripting
- Containers:** Docker (basics), Kubernetes (fundamentals)
- Databases:** SQL (MySQL/PostgreSQL), cloud-managed databases
- DevOps & Tools:** Git/GitHub, CI/CD fundamentals
- Security & Networking:** IAM, VPC basics, security groups, encryption fundamentals
- Operating Systems:** Windows, Linux fundamentals

## LANGUAGES

- English
- Hindi
